

Cleveron 355

- > Cleveron 355 is an outdoor parcel locker for oversized goods handover

- > **24/7 service** – customers can pick up their orders at the suitable time, even when the physical store is closed
- > **Reduce costs** – parcel pickup points reduce the need for home delivery
- > **Save time** – self-service pickup solution decreases the workload for the employees and waiting time for customers with a possibility to offer same-day delivery
- > **Easy to use and manage** – manage parcels and the locker through a simple self-service platform
- > **Modular design** – a large variety of door sizes and possibility to add extra modules or increase the depth of parcel slots when parcel volumes grow
